Bepublican Central Committee Meeting. The Republican Central Committee of Doniphan C ty will hold a meeting at Troy, on Tuesday, September 19th, at 1 o'clock, p. m., for the transaction of important business. A full attendance is desired. C. LELAND, Jr.,

NUNE NOVOOROD FAIR. The great market of the east

tern world has been held at this junction of the Volga and Olga Rivers, in Russis, every summer for hundreds of years. Here the nations of Europe and Asia meet with their products for trade. Cossack, Chinese, Turk and Persian, meet the German and the Greek with every variety of merchandise that mankind employs, from say phires to grindstones, tea, opium, fur, food, tools and fabrics, and last but not least, medicines. J. C. Ayer & Co.'s celebrated remedies from America were displayed in an elegant bazar where the Doctor himself might sometime be seen. They are known and taken on steppes of Asia as well as the prairies of the West, and are an effectual adtidote for the diseases that prevail in the yaourts the North, as well as the buts and cabins of the western continent .- Lincoln (III.) Times.

The Greenbackers held a meeting, last Saturday, to appoint delegates to their Congressional Convention but as the Convention had been indefinitely postpone they appointed no delegates. However, they to have a little greenback talk, and invited Col. Johnsto who has been heavy at talking greenback, to make speech. After collecting a crowd by sending a boy around with a bell, the Colonel opened out. We did not go over, but learn from those who did, that the Colonel's speech consisted principally of the grossest abuse of the Republican party. Having soon emptied the room, it is supposed that he closed his remarks, as he was seen af terwards on the streets. If the Colonel is disappointed and sore because of the neglect and slights he has suffer ed at the hands of his own party, he shouldn't take out his spite on the Republicans for it.

Green says that some of the members of the church of which he is one of the pillars, have conspired against him, to put up a job on him, and he proposes to see them out in it. They have charged him with keepi ng money collected to pay expenses of the 4th of August celebration. He says he can account for every cent of it and for some of it he has receipts; and he charges back upon them that they have not settled bills for which he paid them. They have got the old man's dander up, and he is going to let them know that a man who has lived here as many years as he has, and worked hard, and liv ed honestly, can't be put down by these little slanders We'll bet on Green.

Last Saturday afternoon, a sharp-tengued chap atopped in our streets in a boggy, and soon collecting a large crowd about him, commenced dealing out bogus jewelry. He conducted his business in a way to make his gudgeons bite keenly; and after raking in about \$70, he coolly drove away, leaving his suckers with their mouths open. No doubt many persons spent from one to five dollars with him, who have not been able to pay little store bills for grub and clothing for their families Several staid citizens were seen in the crowd, forking out

A. W. BEALE, Sec. COUNTY BOARD.—The only business of general import-

ance transacted by the Board, last week, was compromising the tax of the St. Joseph and Topeka Railroad. The Board accepted \$2,500, together with accrued costs of suit, as full payment of the tax.

The next meeting of the Board will be the regular quar terly meeting, the first Monday in October.

COURT.-District Court is pegging away, this week. Up to this writing, only criminal cases have been up. They are mostly for minor offences. The cases of Jim Butler and Shaw have been noiled, and Shaw has married the girl. The case of Rush Pengra, for borse stealing. was also nolled—Pengra being under the age at which a person can steal a horse, although he did it.

VECETINE

Strikes at the root of disease by purifying the blood, storing the liver and kidneys to healthy action, invigo ting the nervous system.

VEGETINE

Is not a vile, nauscons compound, which simply purge the bowels, but a safe, pleasant remedy, which is sure t purify the blood and thereby restore the health.

VEGETINE

VEGETINE

Does not deceive invalids into talse hopes by purging and creating a fletitious appetite, but assists nature in clear-ing and purifying the whole system, leading the patient gradually to perfect health.

VEGETINE

Was looked upon as an experiment for some time by some of our best physicians, but those most incredulous in re-gard to its merit, are now its most ardent friends and supporters.

VEGETINE

Instead of being a puffed up medicine, has worked its way up to its present astonishing success by actual merit, in curing all diseases of the blood, of whatever nature.

VEGETINE

Says a Boston physician, "has no equal as a blood purifier. Hearing of its many wonderful cures, after all other remedies had failed, I visited the labratory and convinced myself of its genuine merit. It is prepared from barks, roots and herbs, each of which is highly effective, and they are compounded in such a manuer as to produce astonishing results."

VEGETINE

Is acknowledged and recommended by physicians an apothecaries to be the best purifier and cleanser of the blood yet discovered, and thousands speak in its praise who have been restored to health.

Missouri has established three State Normal Schools: one in the North-east, one in the South-east, another in the South, and there is a pressing domand for a fourth in the North-west. For years Missouri has been sending her sons and daughters off to distant institutions to educate them; hence, the primary objects of the North-west Normal are: lot, To assist in furnishing well qualified Teachers for the Public Schools of the State; and, 3t. To provide a broad, systematic and therough course of instruction, so as to give a complete and harmonious development of all the powers of mind and body.

COURSE OF STUDY, In this institution, will consist of Mathematics, Natural Sciences, English Language and Literature, Ancient and Modern Languages, and the Teacher's Professional Course. Students desiring Instrumental Music will find competent instructors in the town, who will give leasons at the usual rate—24 leasons for \$10. The instruction will be thorough and complete in every department.

FORMATION OF CLASSES. Classes will be formed the first day of each term, in every department. Students are urged to be present the first day. However selvanced or however backward, students will find classes to suit.

Special attention will be given to the training of Teschera. The Public School of the city, in connection with the Normal, affords the most excellent opportunity for experiment and practice. Each subject taught will be made a specialty.

FREE LECTURES TO STUDENTS Drs. A. Goelin, J. A. Callet, and others, will deliver a source of Lectures upon Hygiene and Physiology. The President will also deliver a Course of Lectures upon Geology.

In the Normal School, will be only \$1.50 per term, and no additional charge will be made for incidental expenses. Beard, room, fuel and lights can all be had for from \$3 to \$0.50 per week. LOCATION.

LOCATION.

Oregon is the County Seat of Holt County, Missouri, and is situated two and a half miles east of Forest City, upon a beautiful rolling tract of land, which has been still farther beautified by setting out a large number of fruit and shade trees. This is one of the most healthy localities in Missouri. Daily stages run from Oregon to Forest City, which is upon the Kansas City, St. Joseph and Council Bluffs Railroad.

Notice to Teachers.

Notice to Teachers.

The new School Law requires that Teachers' Certificates shall be issued by the Board of Examiners only to candidates who shall have passed a public examination lawfully held, and shall continue in force respectively two years, one year, and six months, according to grade, subject only to revocation for cause. In view of these provisions, it is evident: let, that a certificate cannot be lawfully dated back beyond the time when the Board, in the lawful course of business, actually awarded the same; nd, that, although the Board may, by revocation for cause, abridge, they cannot havfully extend, the time during which a certificate issued by them shall be in force. In compliance with the above provisions, there will be a public examination of applicants for a Teacher's Certificate, at the Court House, in Troy, the first Saturday in the menths of August, September, October, and November. No private examinations will be grunted, and no certificates issued except on compliance with the law.

OR CHILLS AND FEVER.

The proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public for the safe, certain, speedy and permanent ours of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and outhern country to bear him testimony to the truth of he assertion, that in no case whatever will it fail to cure f the directions are strictly followed and carried out. In great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single botile, with a perfect restoration of the general health. It s, however, prudent, and in every case more certain to care, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially n difficult and long-standing cases. Usually this medicine will not require any aid to keep the bowels in good order. Should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of Bull's Vegetable Family Pills will

Dr. John Bull-Dear Sir: Many thanks to you for the edicine you have so kindly given me. I have been a reat sufferer for years, and had the advice of various physicians. Some prenounced my spine, some my langs, and some my heart to be the seat of my disease. I have been burnt, blistered and copped until I had become disheartened. Several very eminent physicians who examned my spine, informed me that I was threatened with paralysis or apoplexy any day, and that nothing but a eton would relieve me. I had a perfect horror of that, and was besitating about having one inserted, when you kindly sent me your Sarsaparilla, which I immediately egun to take three times a day. I had suffered terribly with a most acute pain in the right side of my head, easecially when I would read or write for any length of ime, and on rising to my feet I would be perfectly blind for several minutes, and would have to hold to something

to prevent falling. I am most happy to inform you that the pain in my head is entirely relieved; I suffer but seldom with my

P. S.-The following was written April 30th, 1866, by Mrs. Jennie Johnson, mother of Capt. Johnson : Dr. John Bull-Dear Sir: My husband, Dr. C. S. Johnson, was a skillful surgeon and physician of Central New York, where he died, leaving the above C. P. Johnson to my care. At thirteen years of age he had a chronic dierrhora and scrofula, for which I gave your Barsaparills. It cored him. I have for ten years recommended it to nasy in New York, Ohio and Iowa, for scrofuls, fover ores, and general debility. Perfect success has attended it. The cures effected in some cases of scrafule and fever tores were almost miraculous. I am very anxious for my son to again have recourse to your Sarasparilla. He is fearful of getting a spurious article, hence his writing to you for it. His wounds were terrible, but I believe he
